2005 - 2006

# HOWE WE SHINE!

Like a Jewel

THIS year was

definitely a journey! Finally seniors have reached the end, it is a new beginning for some! Many have smiled and frowned, even laughed and cried through their years here. Senior Ned Russell-Sullivan said, "I will miss meeting new people and my art classes the most".

# a Diamond in the Rough!

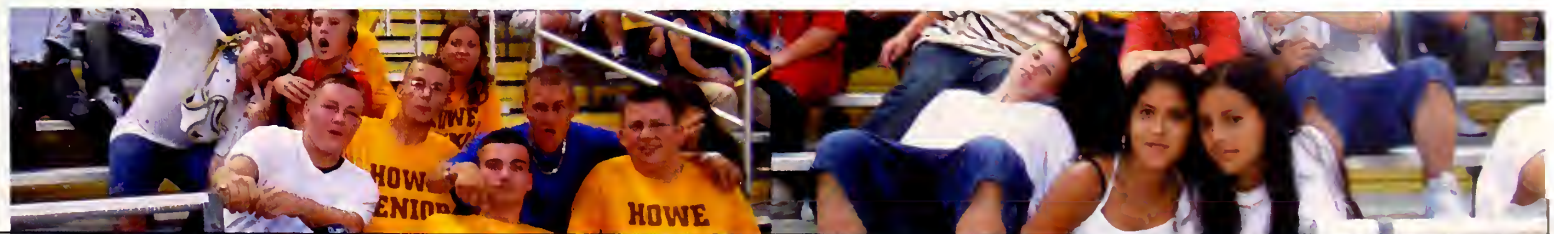

A jewel is something that is rare or unique. It is something that is to be treasured or esteemed! Although many people don't know, Howe Academy is the Jewel of the East Side!

Why??? Because we are Unique. We are Proud. Loud. Bursting the Seams and Determined. We are Competitive. Historical. and Diverse! When we filled the halls on August 18th, we met with many new faces, unaware of how they would affect our lives.

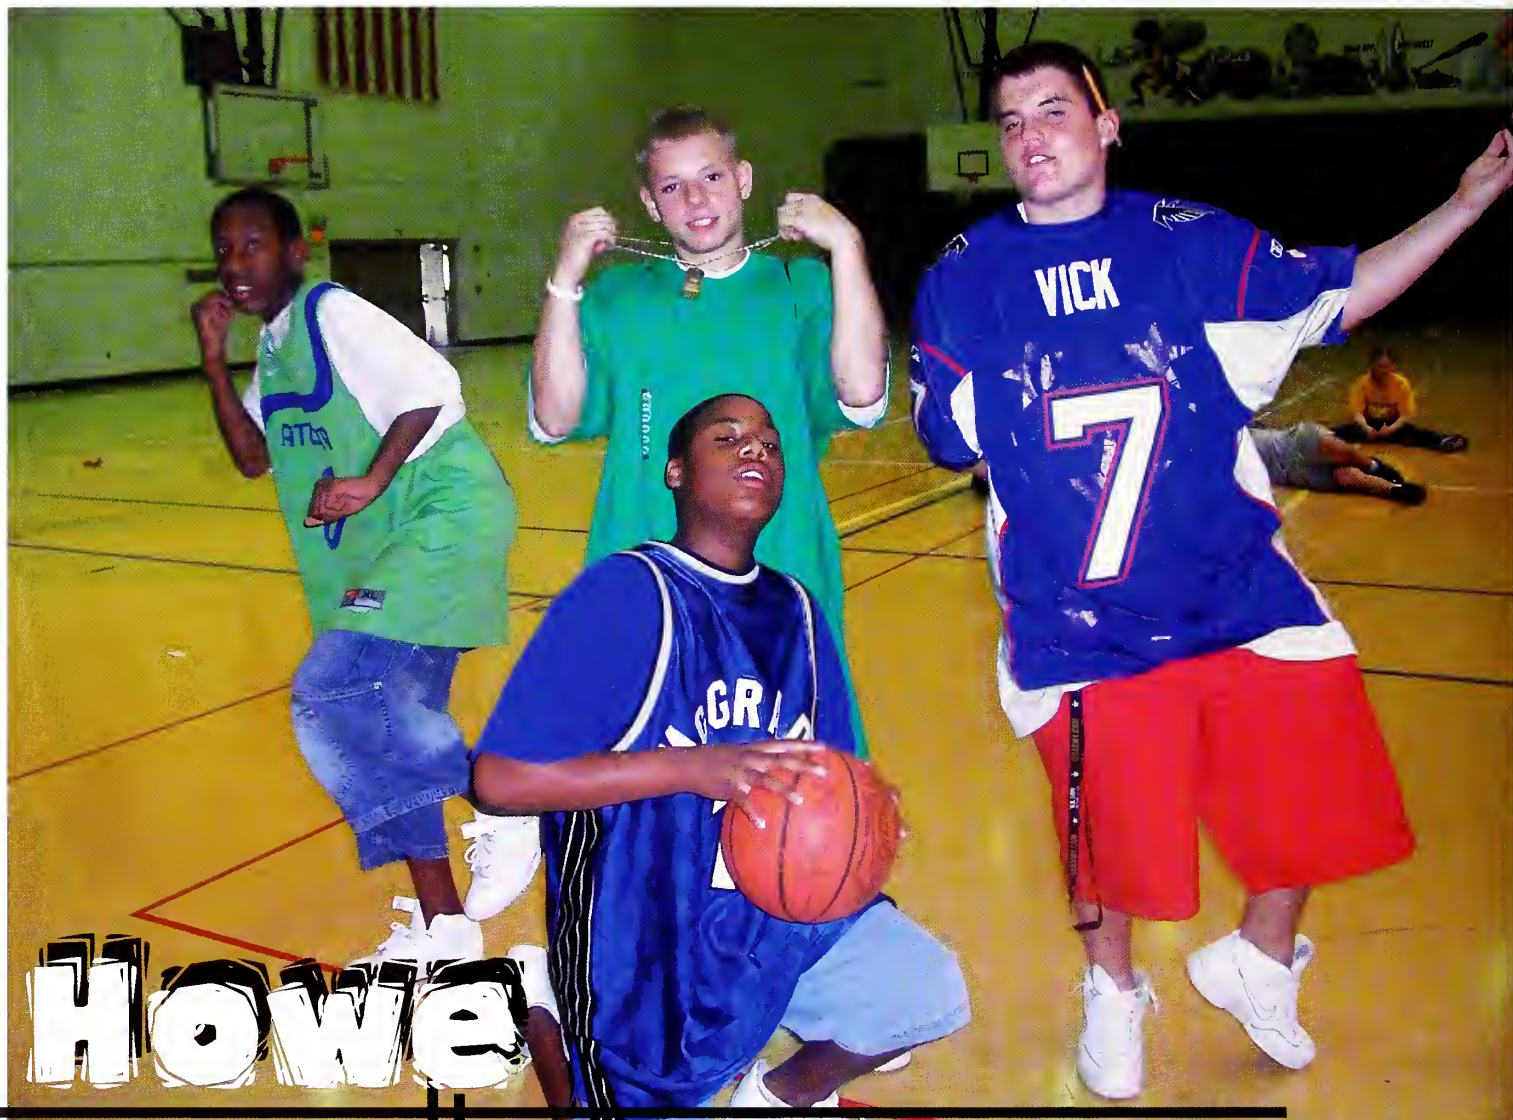

Both new teachers and new students made this year truly special! Freshmen, Nick Warren said, "I like it here, without the nice teachers, people and sports, we'd be nothing".

For the first year ever, we've had grades 6-12, all in one building!

Senior, Antonia Brewer said, "Having middle schoolers makes us unique, but I wish they'd move quicker when I'm trying to get to class!" We've also supported both middle school and high school teams. Loyal fans spirit even painted their bodies to show their at the Home-Coming game! The middle schoolers football team had a 5-2 record, and the volleyball team had a perfect one!

Howe

We  
Get  
It

Crunk!

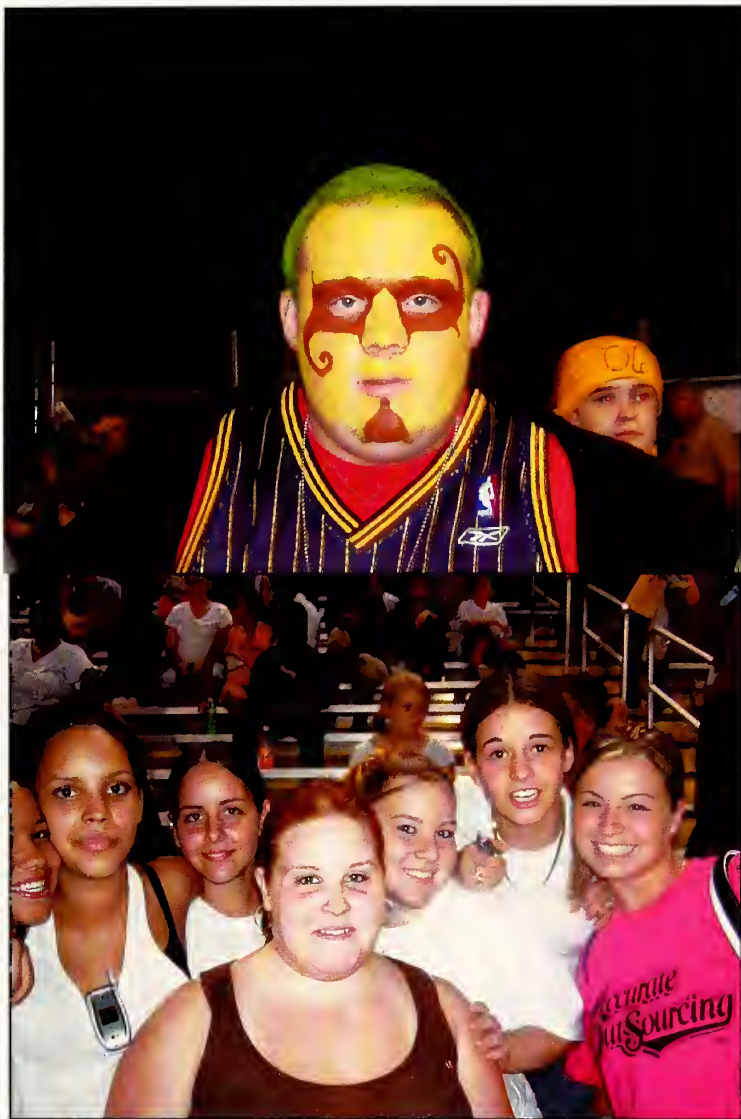

### Middle School Dance

We had a great time at the dance! A lot of people showed up, and most of us really put it down! Many students even synchronized as they did the Cha-Cha Slide! "Don't hate--

Highschoolers --We're making you look bad!"

# All Colors Make a Rainbow!

by Keondra Dukes

Even though it is a policy at Howe not to discriminate on the basis of race, color, religion, national origin, age, sex, or disability, many students complied with this rule anyway!

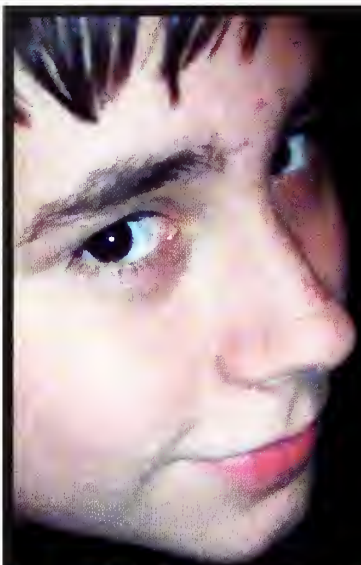

"Color doesn't matter to me, I choose my friends based on their personalities!" said Hillary Stephenson.

We are made up of many different types of people. In fact, we are 48% white, 45% black, 4% Latino, and 3% are categorized as other.

After interviewing a variety of races, it was obvious that we are all a lot alike! We all have a lot of the same hobbies and interests, but sometimes we do things in different ways!

It is easy to judge someone based on what you see, but what does that prove? Getting to know someone and their culture or habits makes things easier!

## **H** We got spirit! Howe bout you?

You know we get it crunk! At games, did we give it all we had? YES! We were cheering, laughing and just having fun! Teachers also supported our school greatly, and every Friday we saw them sporting brown and gold!

This was one of our hypest years ever! In fact, we won the best school spirit award and brought home a trophy and \$1000 just for doing what we love-

**Showing our Spirit  
Supporting our teams!**

# SENIORITY

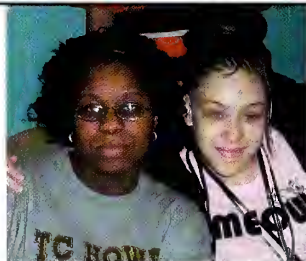

by Kevina Lyons

**Excitement.  
Challenges.  
Responsibility.  
Leadership.** These are just a few components of being a senior and having seniority.

According to Webster's Dictionary, seniority is defined as "priority over others based on the length of time of service." Seniority is in full effect. The class of 2006 are the "top dogs" because they're the first graduating class since 1995.

"Seniority means being established in a place the longest. Being that many of us seniors have been here since the reopening of Howe and we are much older than the other students, I feel like the seniors have seniority."

- Shawnika Jordan

"Being a senior is a special honor," stated Senior Andrew McLeish, "because you are a positive role model for your fellow underclassmen."

He went on to say that, "Your education is the key to your future success, and as seniors we need to lead by example and take our education to the next level"

Senior, Alejandra Alvarez, said, "Having seniority is when you're in the top of your class. You get the best grades and you're a role model that people look up to. Seniority is hard for some because it is competitive."

# PICK UP LINES

1. I lost my number, can I have yours?
2. Are you from Tennessee, cause you are the only ten I see!
3. I lost my library card, but can I still check you out?
4. Christmas must have come early this year, cause you are number one on my list.
5. Did it hurt? (What?) When you fell from heaven!
6. Does your tag say made in heaven, cause you must be an angel!
7. Your eyes are telling me everything But your name!
8. I noticed you noticing me, so I wanted to put you on notice that I noticed you too!
9. Hi, my name is chance, can I have one?
10. Do you drink milk, cause its sure done your body good!

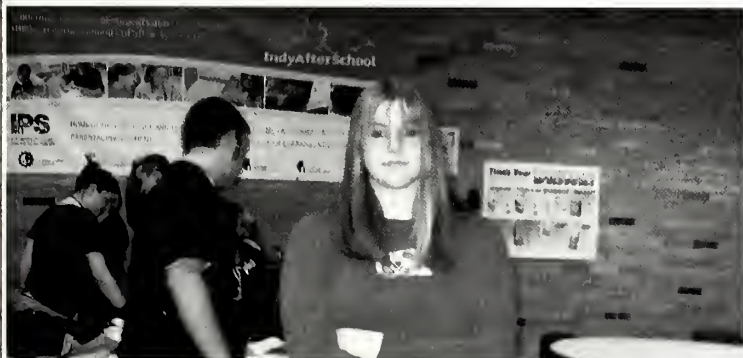

## Head Turners!

by Keianna Hampton

A head turner is a person with a very unique appearance or personality. Its a surprise we didn't have more cases of whiplash, because we had a lot of head turners here at our school!

How does it feel to be a head turner?  
 "Oh it just feels great, cause I like attention!"

-Chad Carson

# Howe We Learn!

ACADEMICS

## What are we here for anyway?

Learn? Play? Think? Many students forget that the reason we come to school in the first place is to get a great education and to better ourselves academically! While we are here, we might as well take advantage of all of the opportunities placed at our fingertips! This is the time when we get to learn, socialize and explore, all while being "spoon fed" by our dedicated teachers!

Ashlie Koehler

Danielle Boulais

# Yearbook Staff

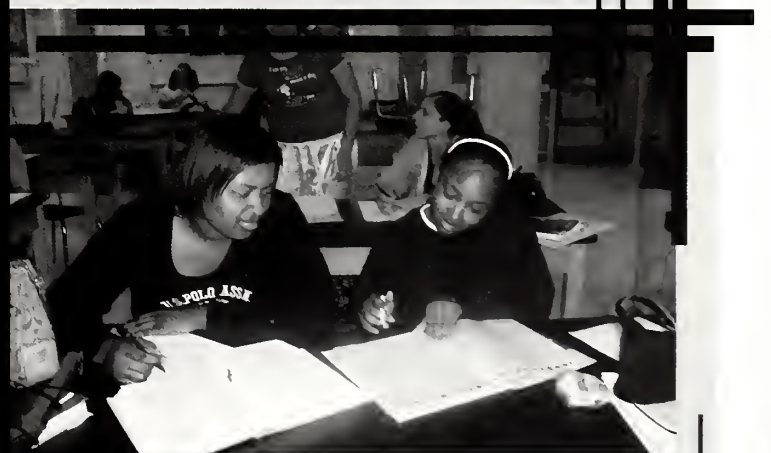

## It's Not Just Pictures, Genius!

Putting together a yearbook isn't all fun and games, it's hard work!!! The yearbook staff works under the heavy pressure of strict deadlines. They attend games after school to take pictures, they randomly interview people, and they write and edit stories, and spend time creating wonderful layouts!

-China King

When you think of the yearbook, all you think about is signing yearbooks and looking at pictures. You never think of the actual work that is involved. The yearbook is composed of pictures, stories, side-stories, advertisements, and hard work. Without the help of the yearbook staff, you could never get a Hornet's perspective of our school! So many thanks go out to the entire yearbook staff, and a special thanks to Mrs. Ajayi for spending her free time helping us create the best yearbook yet!

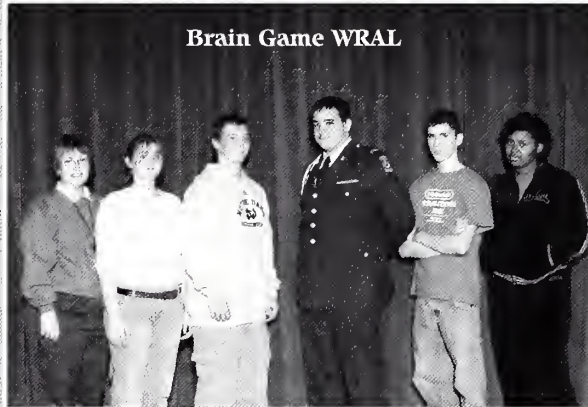

# National Honor Society

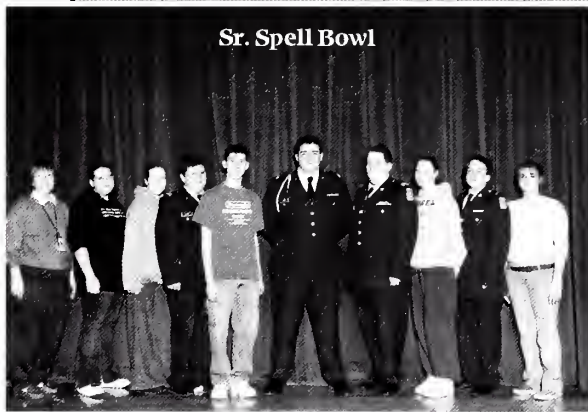

Andrew McLeish  
2006 Valedictorian

Brain Game WRAL

Students participated in academic competitions in which our wits went up against the wits of other schools! The material these students studied was relative to their academic courses!

Sr. Spell Bowl

The National Honor Society is an academic community outreach group. Membership in this time honored national organization requires superior academic achievement, productive leadership, active community service, and an outstandingly high code of honor.

"Mr Ramey left a huge pair of shoes to fill! This year was very difficult. We are trying to maintain the events so Howe can once again grow into a viable competitor."  
-Mrs. Robbins

Academic SuperBowl

Heather Morgan

# Student Council

Senior Class Officers;  
Kevin Cherry, Shauna Mason,  
Jennifer Russell, Corey Crockett

The Student Council worked hard to organize events such as dances, after school activities, pep sessions, and an incredible Spirit Week! These students also participate in many other ways "behind the scenes"!

Junior Class Officers  
Monica Mason, Rebecca Woodcock, Ebony Collins

Shawnika Jordan, her mother, and Dr. White. Shawnika received the IEA Edie Atwell "Living the Dream" award for the Martin Luther King Scholarship.

Math Team

Reading Club

Science Explorers

The Junior Spell Bowl Students worked hard to represent our school by developing their skills and performing in spelling competitions!

Junior Spell Bowl

## Adventure Club

Rock climbing, canoeing, back packing and skiing all are things the Adventure Club did this year. "It was fun but sometimes complicated and challenging" said freshmen Shanice Williams. Many joined because of their friends but ended up having a new experiences to talk about. Sophomore Emily Stacey's most memorable adventure was learning how to ski! "I really liked it and it is now my new favorite hobby!"

"Adventure Club gives many students the opportunity to do things they haven't done before" said Mr. Cook. They are always looking for new members so if you get interested talk to Mr. Cook. "Everybody is welcome"!!! Said Emily Stacey.

## Spanish Club

# Howe We Club!

## German Club

We had two cultural education clubs Spanish Club and German Club. In which students learned about the culture of Mexico, South America and Germany.

The Spanish Club had the opportunity to exchange ten selected student to go to Mexico and live with a family for two weeks in which they learned more of the culture first hand. As a school, we also learned a lot when the students from Mexico came to Howe for two weeks. After school, the Spanish club made piñatas, Mexican flowers (for the day of the dead), and had an Easter Egg Hunt in which the egg shells were filled with confetti (which is a tradition in Mexico). They learned how to dance to many type of Latin music. Both, clubs along with their classes went to the international festival. The German Club dived into the culture by having their own Oktoberfest (Bavarian Traditional Festival). About 30 students showed up to feast on Bratwursts and Sauerkraut! German students also worked extremely hard during the summer to raise money! They ended up working two car washes and raised quite a bit toward their Spring trip to Germany!

# Where are you going?

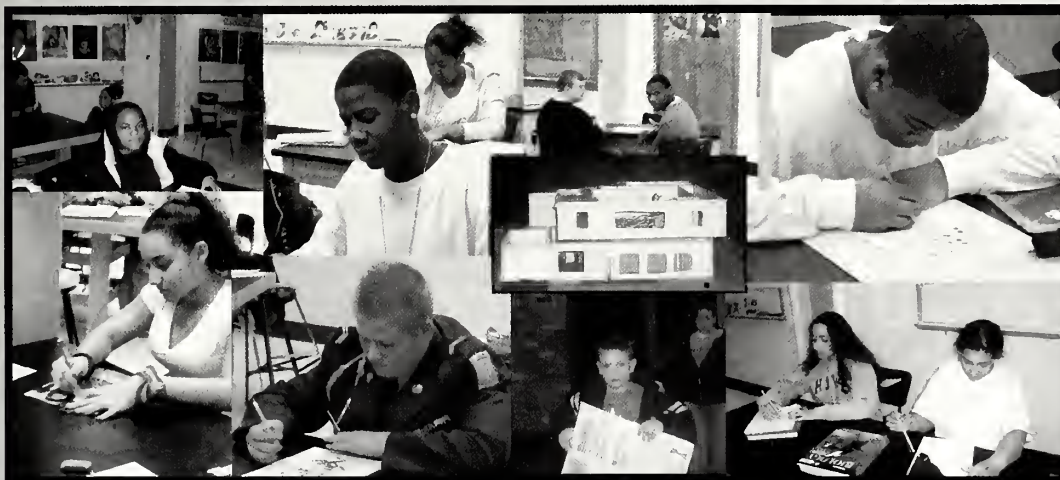

## What are they doing?

Empathy is defined as identification with and understanding of another's situation, feelings, and motives. When you put belly behind the word empathy, it takes on a whole new meaning. In Child Development Class, students had the chance to get a feel for how it physically felt to be pregnant.

Students wore glasses that contorted their vision and displayed them being intoxicated. They discussed the dangers of alcoholism or the abuse of any substances while pregnant. That was a very valuable and educational course. After this brief presentation, they discovered that none of the students were ready to bear children. —Kevina Lyons

## You get credit for art?

**That's right!** What's better than getting a grade for something that's fun to do anyway? Students showed great interest in art as they were able to re-create objects either by drawing in 2-D art or building in 3-D art, ceramics or industrial technology!

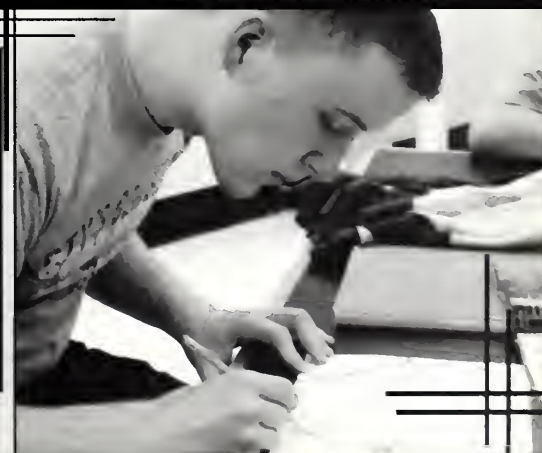

"I like art because it is fun, the projects are cool, and I like to experiment with different colors." -Shelley Welch

"Art shows how people are feeling and sometimes it is just for fun but I like how many different forms there are!" -Cierra Price

"My whole life, people have always asked me the same thing, 'How do you draw like that?' I do the same thing everyone else does... I just copy what I see onto the paper. I guess it just comes more naturally to some people."

-Skyler King

# Art is Fun

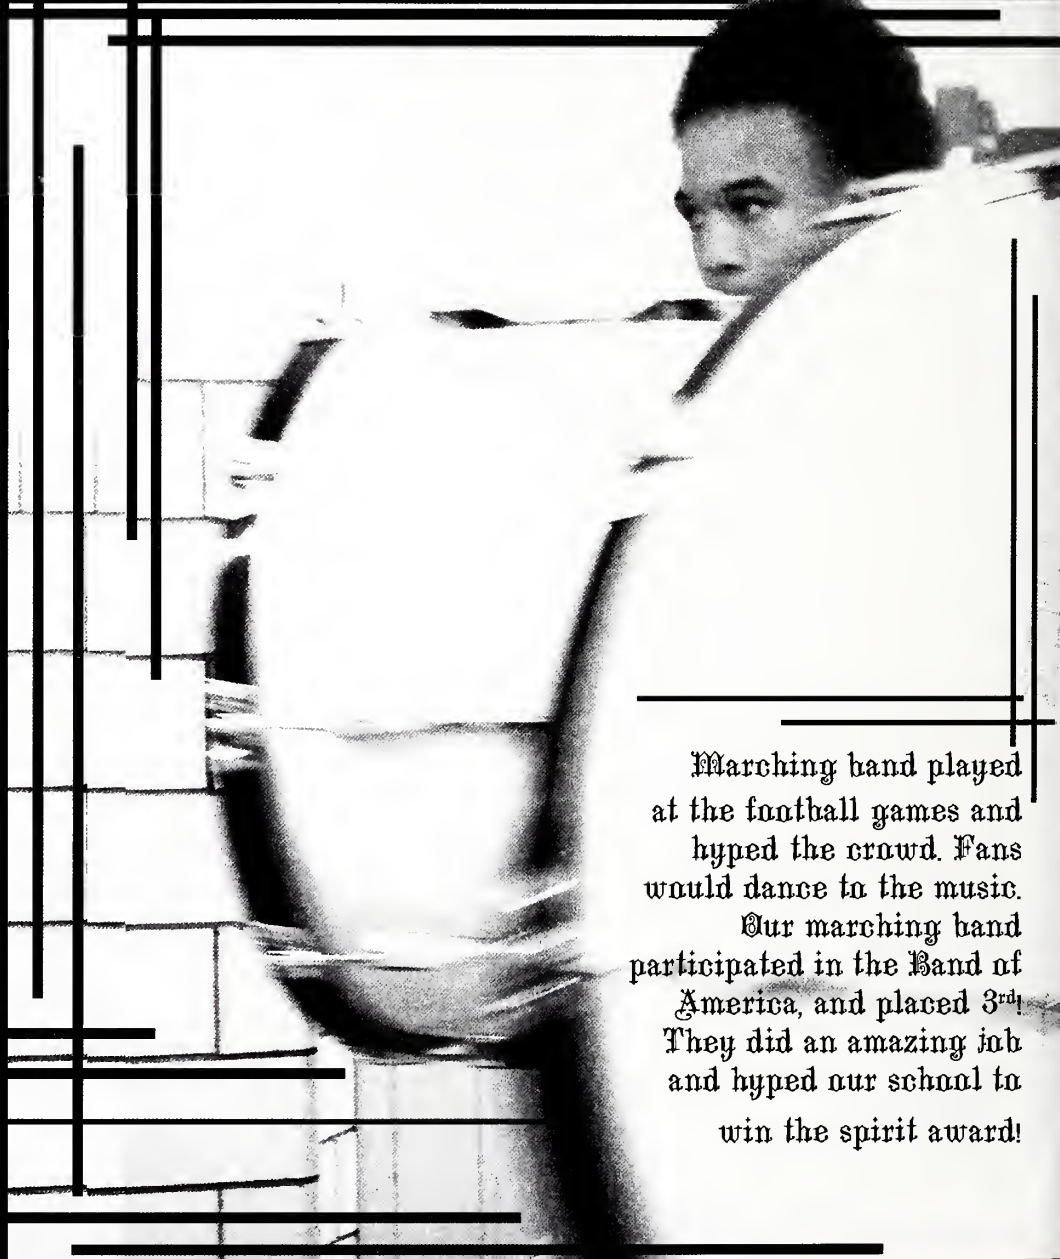

# Howe We "Tune 'Em Up!"

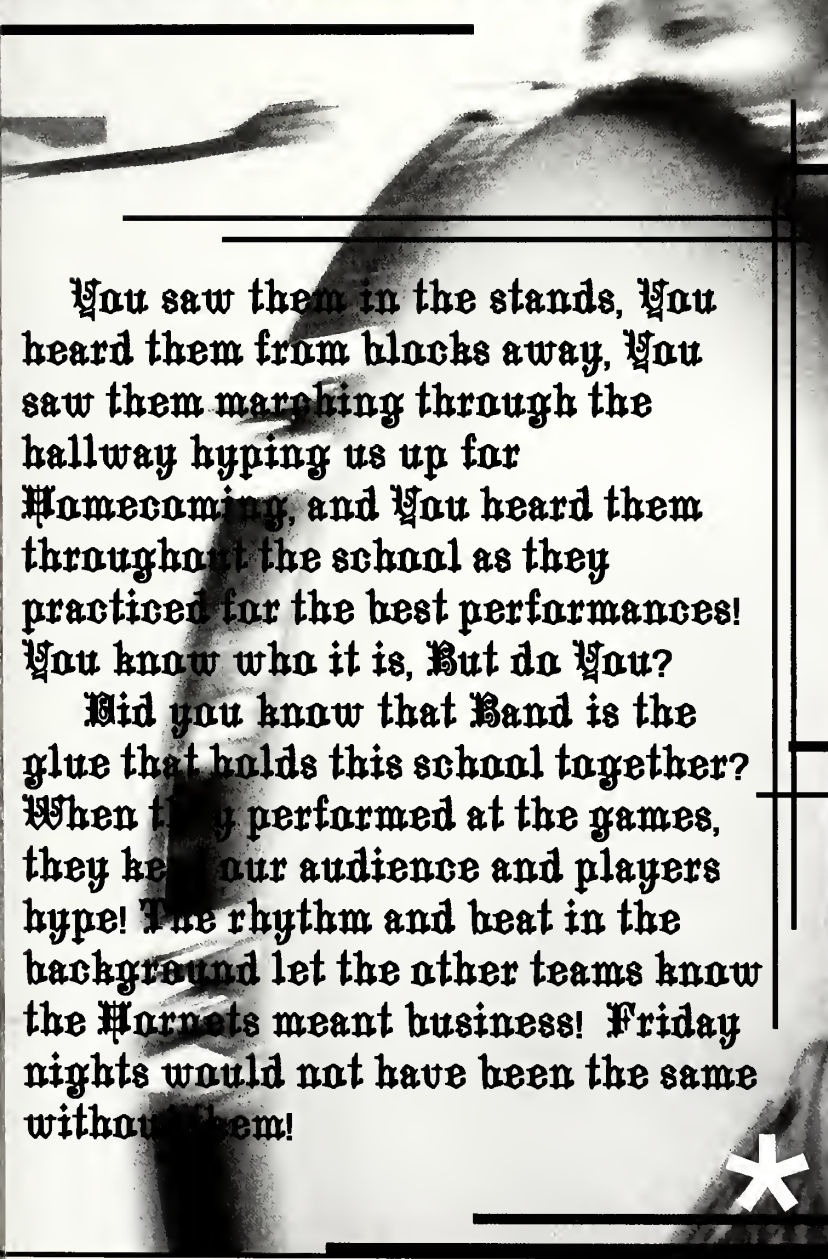

HOWE

Marching band played at the football games and hyped the crowd. Fans would dance to the music. Our marching band participated in the Band of America, and placed 3<sup>rd</sup>. They did an amazing job and hyped our school to win the spirit award!

There are four different types of band: Concert, Symphonic, Wind and Ensemble and Marching Band.

Concert Band is like Beginning Band. It is the first level of band. Students play flutes, clarinets, trumpets and a few other instruments in concert band.

Symphonic Band is the 2<sup>nd</sup> level of band. It is made up of the same instruments as concert. Symphonic band has Alto sax, Baritones and Tenor sax.

Wind and Ensemble Band is advanced band. They play the same instruments as Symphonic and Concert. They play more complicated songs and play faster!

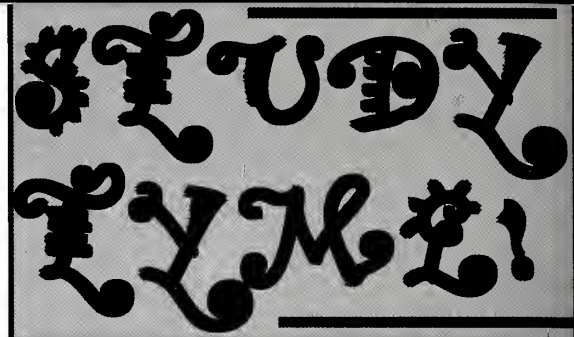

You saw them in the stands, You heard them from blocks away, You saw them marching through the hallway hyping us up for Homecoming, and You heard them throughout the school as they practiced for the best performances! You know who it is, But do You?

Did you know that Band is the glue that holds this school together? When they performed at the games, they kept our audience and players hype! The rhythm and beat in the background let the other teams know the Hornets meant business! Friday nights would not have been the same without them!

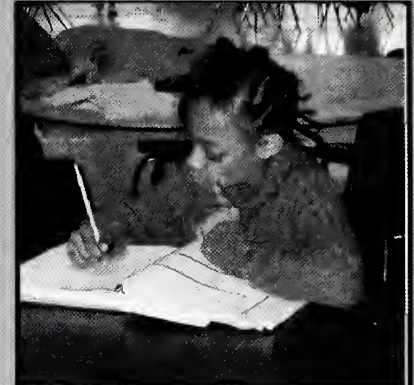

# YMCA

**Jamie Webster**

**Rolanda C. Wilbert**

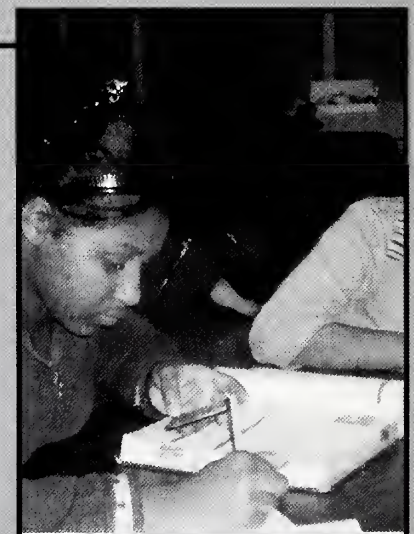

"I like the YMCA because I can do my homework and get it done. It's fun and I can do lots of things there!"

## WHAT? STAY AFTER SCHOOL? YEAH, RIGHT!

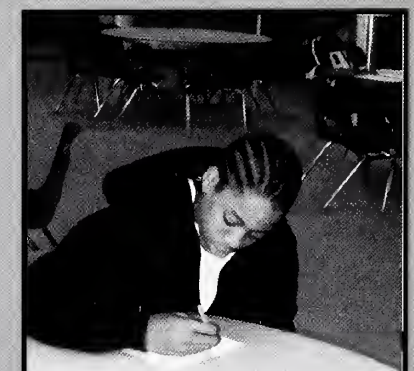

A lot of students would say it is crazy to stay after school. But what if school became a big YMCA once the 2:30 busses pulled away? That would be hot!

In essence, that is what happened! Employees from the YMCA came to our school and used their programs and supplies to give hornets a great after school program!

This was a time when students had the opportunity to socialize, play games, join a dance team, go on field trips, watch new movies and even receive free tutoring!

**Iisha Carter**

**Clayton Cowans**

"YMCA is cool because I get to hang out with friends after school, and we go on field trips!"

# J.R.O.T.C.

The Junior Reserve Officer Training Corps also known JROTC was back for its second year. The program was honored to be lead by Colonel Folly First Sergeant Boone who with the help of the cadet staff made the program work affectingly. Cadets became stronger physically and mentally as they learned to become better citizens.

Many thanks to Major Sherard who retired this year He will be missed!

Cadets were given the opportunity to participate in many after school activities like un-armed, armed drill teams, color guard and rifle team. In all these teams, they practiced very hard to compete against other IPS JORTC teams.

Raiders, a program in which cadets are challenged physically, was also offered. Raiders did many fun activities this year, such as camp-outs, skiing, cave trips and fun nights. They participated in cadet challenge and many other exciting trips which challenged them to learn new things, build-up their confidence, and become more responsible.

By: Lilly Salas

The J.R.O.T.C. program was honered with a great Battalion Commander, Senior C/LTC Justin Holman. He was geat example and he participated in many throughout the school year. He will be missed next year!

# "The Wonderful Wizard of Oz"

Some students were nervous and shaky while others were trying to get dressed and put make-up on. Others got their hair done and did other little touch ups that needed to be done. After the play everybody felt relieved.

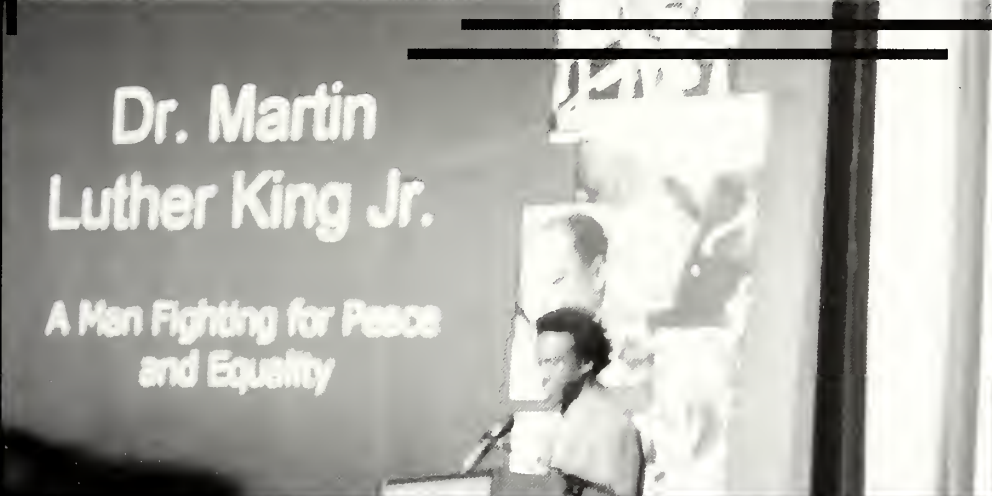

There are things in drama that are hard, and things that are easy. Drama students do plays, and sometimes learn new skills by watching actors perform in popular movies. The goal is to engage the audiences by performing well enough to make people in the crowd feel like they are actually a character in the story.

The Wizard of OZ was the first play of the year and it turned out to be exciting! When asked, "Why is drama a fun class?", Chloe Dietz responded, "Because we work very hard on our plays and everyone gets to watch us perform them!"

So, what made this play such a success? Jenna Crockett replied, "Practice, Practice, and more Practice". The only thing that needed to be improved was voice projection. In the end it all turned out great! The students had a great time with this play and already planning for the next one. Stay tuned!!!!

# ["I'm Ready for my Close Up!"]

With the help of Ms. Salinas, our students put on our first MLK production. Steven Mickle played Dr. Martin Luther King Jr. Chasidi Bell, Keisha Chanton, Sylvester Truitt and Christopher Griffin all sang wonderfully! They had the audience singing along to R-Kelly's 'I Believe I can Fly'. The production went well, and students learned many new things about Dr. King's fight for equality! The cast did a tremendous job!

So Much Drama!

## What About Katrina?

Although she did not arrive unannounced, her aftermath was staggeringly unexpected. On August 31, Katrina, one of the worst hurricanes in U.S history, ripped through several southern cities. She left thousands homeless, injured, and feeling hopeless. Thousands more lost their lives or went missing in Katrina's wake. A city under water, in the dark, certainly hit rock bottom and shocked the nation.

It was difficult to see because it meant realizing that something like this can happen even in a place such as America. But, while The Southern States were lowering their heads in despair, many of the lucky ones were organizing relief

# Movin On Up

This Junior Class Interview Brought to You By:

-Danielle Morgan

## Juniors Are The Bomb Diggidy!

We are the Upper Classmen. We help run the school, and we don't have to stress about college apps or that never-ending question, "What am I going to do with the rest of my life?" We still have an entire year to look forward to. Besides, this gives us time to learn from the boo-boos of our predecessors.

## How is Your Junior Class Different From Others?

"Our Junior class is different because, quite frankly, we're the best! We have a sense of togetherness. We stand out. The best athletes reside in Junior class. Come on now!"  
-Monica Mason

## Are You Ready for Senior Year?

"Yes and NO! I am ready to move on to a new year. Especially my senior year. It will be the most exciting year in high school! I know all of us juniors are ready to graduate!"  
-Phillip Russell

## What Do You Think Most Juniors' Favorite Memory Is?

"I think most Juniors favorite memory would be the sports games. Especially Homecoming!" -Melissa Mayorga

efforts to help our southern neighbors.

The National Guard (far left) and several other outside organizations, businesses, and even celebrities joined in to help in whatever way they could.

Howe's students, in the JROTC, also helped by raising money during sports events. Katrina's strong winds tore some strings and knocked us down, but we knew that coming together and using the tools we had to help others would make us stronger as a whole.

Because, when we can get back on our feet, we'll stand united, from the ground up!

Howe's Relief efforts were organized by Sophomore Lilly Salas.

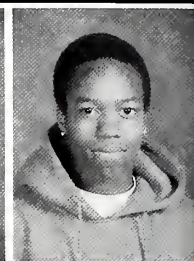

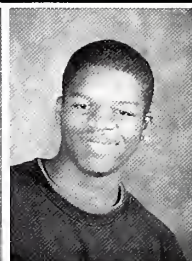

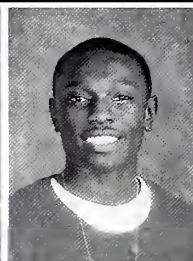

Justin Holman helped the JROTC collect money to assist those in need!

# New Roles, New Goals....

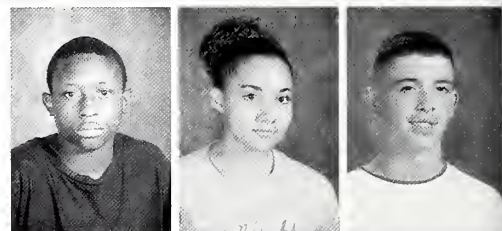

The sophomore class flew into their second year of high school with the joy of no longer being the unexperienced freshman. However, they had to buckle down with harder classes, immediately take the G.Q.E. and start focusing on their future.

Although some students are still taking high school as a joke, others like Lilly Salas, are taking every opportunity to make this year a great success! "Math is my hardest class," says Salas, "but to improve, I am starting tutoring."

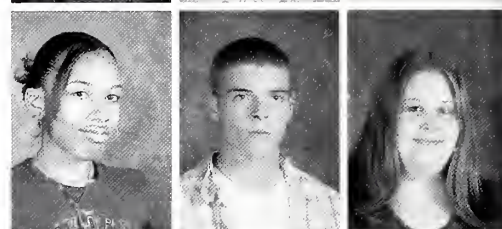

G.Q.E. testing was also a big thing this year for sophomores, who tested for 3 days straight! The results of the G.Q.E. tests are a great reflection of just how prepared sophomores are. To move forward, Keondra Dukes hopes that her fellow sophomores "realize that one day they will run the world by themselves and will not be kids forever." It only takes one person to make a difference, so let's start with somebody from the class of '08"!!!

# Freshen Up!

By Alaysha Williams

Freshmen, freshies, underclassmen, whatever you want to call 'em! It describes the same group of people who have been waiting so long to get to high school - so they could call themselves the "Big Dogs" over the "middle-schoolers."

We are all in this together and we are here in order to better prepare ourselves for our future. Or we could just say what Freshman Jenna Crocket said, "I am looking forward to going to college - Plus, the Freshman boys are cuter!" Either way, this is where we start. There will always be "the Freshman Class," climbing the ladder to success. And, in conclusion to our FRESH start, we are doing our best to make a difference on how others are treated. We want to show the Sophomores, Juniors, and Seniors just how the FRESHMEN do it!

"Freshmen were ready to get to high school for the dances, homecoming, and Prom," as said by Freshie, Shauna Neal.

Now that we have a chance to see that high school is the biggest stepping stone to our future, we understand how important it is to study and do our best while we're here.

# Howe we Hang!

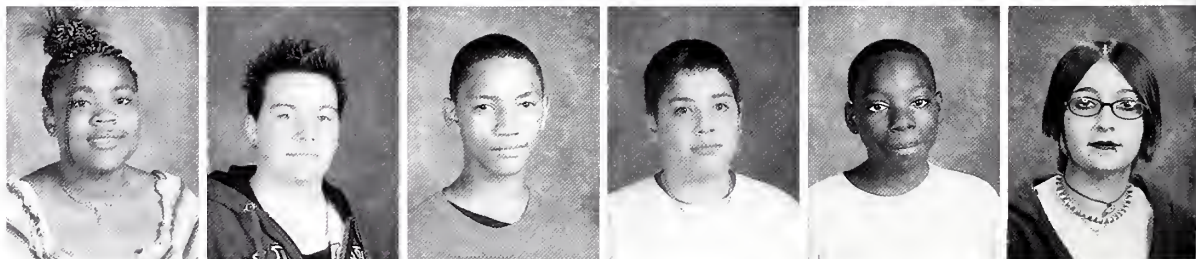

"Luroy Brewer is my best friend because we've got a lot in common. Also, I can tell him anything and it won't come to me from someone else. I trust him and I'm happy that I met him when I came to this school. He's helped me alot since I've been here. We'll be friends for a long time." Kasarah Fitzpatrick

To be able to have someone to call your friend forever, you need somebody to trust! A friend is a person that is there for you no matter what! You are able to tell them anything and they will be there to support you! Friends don't talk about you behind your back or treat you with disrespect.

A friend is someone who is loyal to you and you are loyal to them in return. If you've got someone who respects those values and more, then you've got a great friend forever!

# Surviving High School!

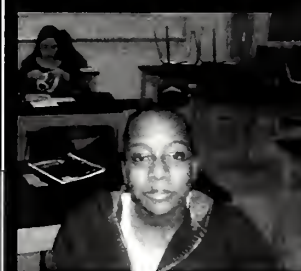

Take some  
advice from those  
who have bravely  
gone before you!

1. PAY ATTENTION!
2. DO HOMEWORK!
3. GET 8 HOURS OF SLEEP!
4. STUDY A LOT!
5. TAKE NOTES!
6. ASK QUESTIONS!

For most of us, high school is a fun experience, but for some it is a challenge!

Most of our time is spent doing homework, and socializing. For some it is stressing, for others, it is just a fun time!

China King

Nikki Morgan

Chad Carson

Tremaine Hurns

"High School was harder for me because of all of the added responsibility!

-- Arshiuna Woods

**Cheer, Cheer** is the sound you hear coming from the bleachers at the pep rally. Students jump up and down with excitement and support for their favorite players. Cheer leaders sing and cheer to raise our Spirit!

# Howe Proudful!

Cheerleaders call out class years to see

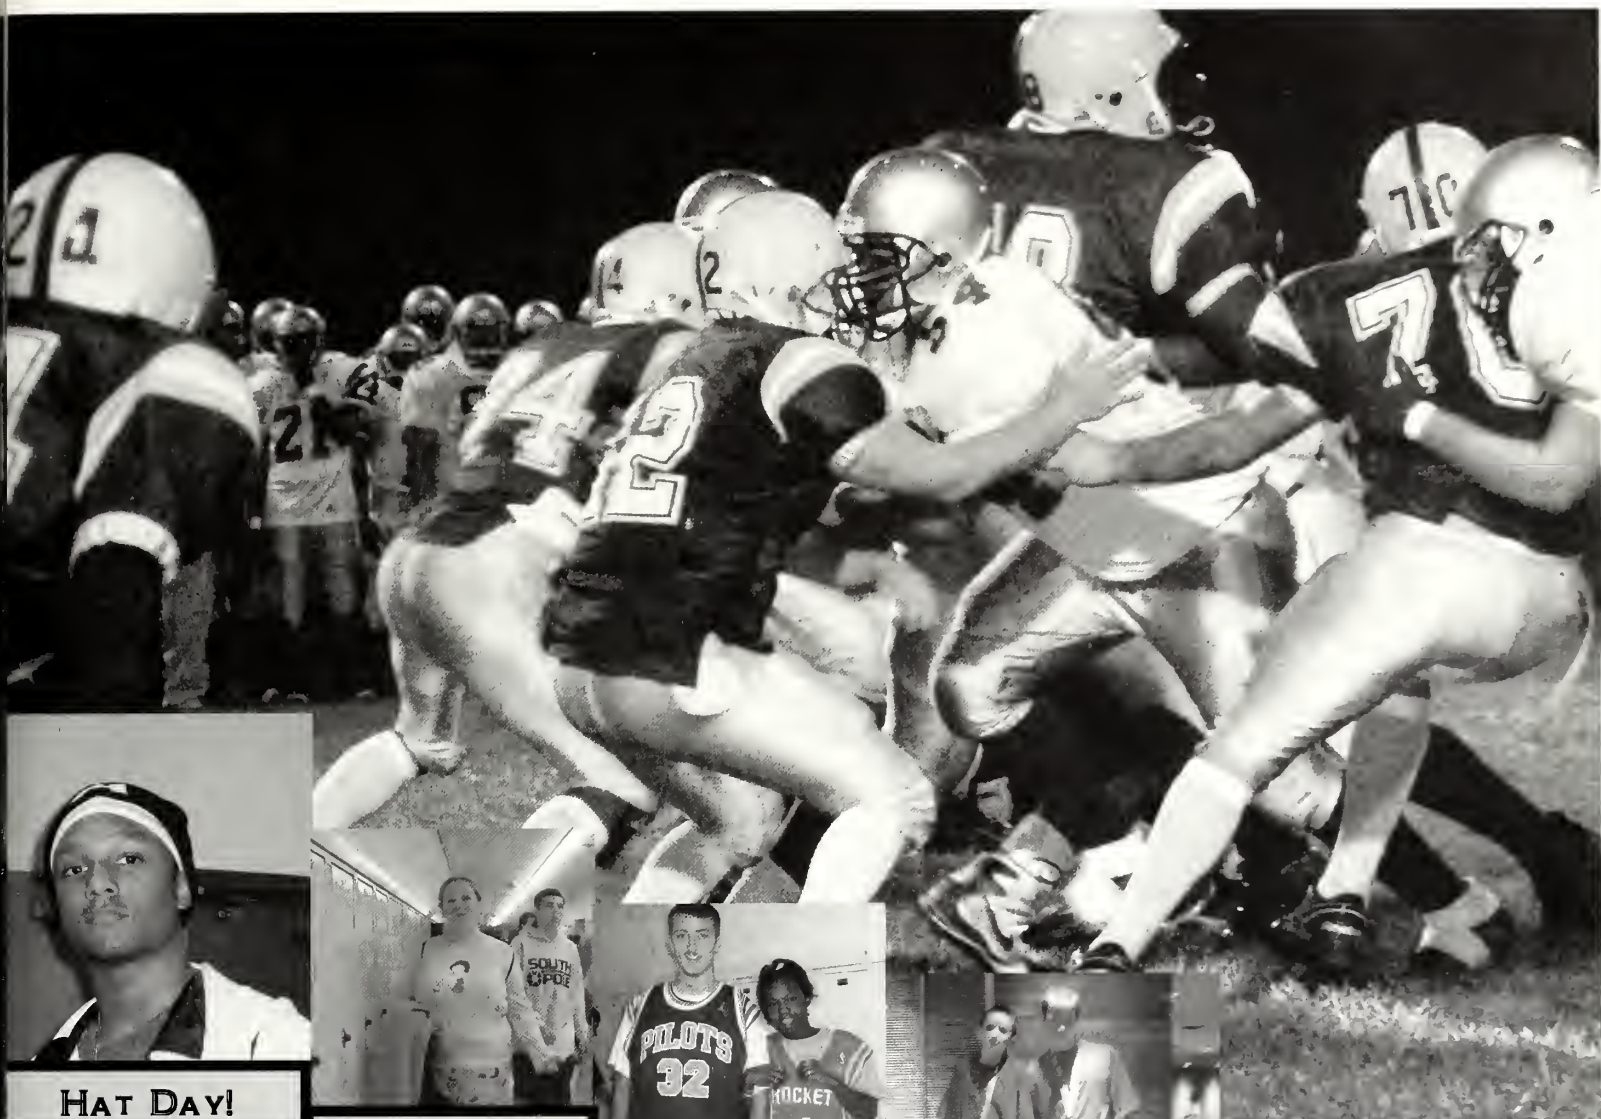

which class is the hypest. From what I'm seeing and hearing it's the seniors! But overall the students all together were still wild and crazy!

The band comes out and marches across the field. They are silent for a moment and all of a sudden, the students are up moving with the sound of the band! Cheerleaders all assemble in line and dance with the beat of the band. The band continues to play throughout the pep rally!

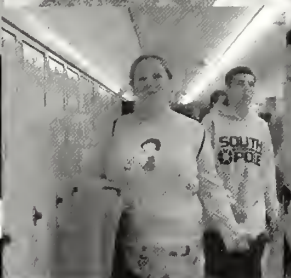

The football coach gets on the microphone and starts to announce the players. The students in the stand scream and cheer as they hear the name of their favorite player. After the names on the team are announced, the players stand in a big huddle and start to jump up and down with spirit and excitement. The team seems ready and pumped for the game. The crowd is just as hyped, 'cause they know they represent the best team!

**HAT DAY!**

**PJ DAY!**

**JERSEY DAY!**

**TWIN DAY!**

# Homecoming Week

Spirit week is the most

exciting week of the school year. Every student is hyped and filled with school spirit.

"During spirit week everyone gets very excited", says Dersary Wilson.

Monday was Hat Day; student wore bright, short, tall, brand name and a variety of other types of hats. Tuesday, students wore their pajamas to school! People that wanted to add detail brought newspapers, hair rollers and coffee mugs! Wednesday, students supported their favorite team by wearing a jersey. Thursday, friends coordinated by dressing as twins.

Friday everybody dressed in brown & gold to show our school spirit! People painted their clothes in Kowe colors. They also painted their faces and finished out Spirit Week with a bang. In the morning, the Marching Band paraded through the halls as the cheerleaders and football players followed to help hype the school. "The band really played well and made me proud to go to this school!", said Denise Lyles.

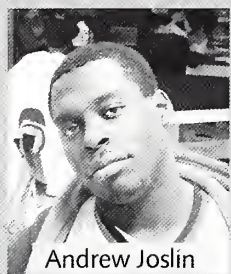

**SPRIT DAY!**

What is the best  
part of football?

Andrew Joslin

"I get  
to  
just  
run  
up  
and  
hit  
people!"  
-Drew

I can hit  
someone and  
not get in  
trouble for it.  
Plus, it is very  
stress  
relieving!"  
-Chad

-Chad Carson

# Football Howe

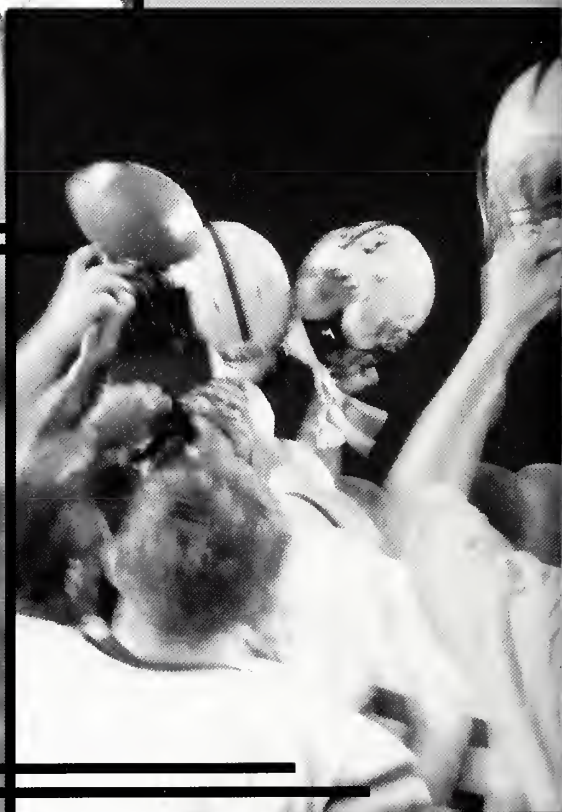

Chris Locander

"Tackling"  
-Batman

"Its hot  
'cause I get  
to tackle and  
hurt people!"  
-Kenny

Kendrick Vault

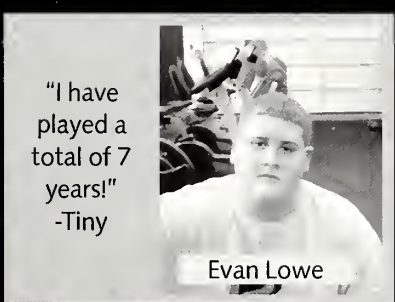

# We Get It Down!

What convinced you to join the team?

Seth Julian

"I needed to lose weight and I wanted to hit people!"  
-Seeeef

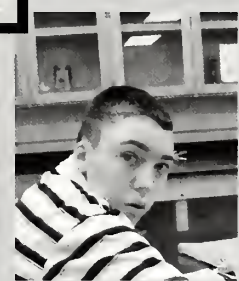

Evan Lowe

"I have played a total of 7 years!"  
-Tiny

This football season was like none other. They won **MORE** games, played as a team, and had fun doing what they did best-hit. Players such as **Chris Griffen** and **Kendal Downing** gave their all and were voted most improved by their teammates. "Griffen brought it, he was a sophomore starting on varsity with way more confidence than last year?" says **Nigel Foreman**. Everyone agreed that there was room for improvement, but they were happy for what they accomplished!

Mike Doss  
Indy Colts

Jessie Woodcock

"Me, Myself and I"  
-Woody

"I Love the sport of football! #22 People know me as Duce Duce!"

Terrance Williams

# Bumping up the Heat

"Bump it up" with our volleyball team who had determination. They conquered the nets with a 6-2 season!

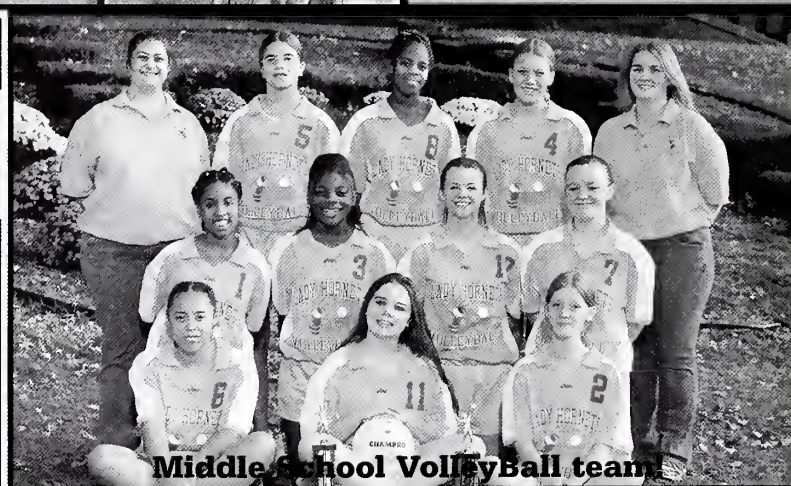

HIGH SCHOOL VOLLEYBALL TEAM!

Meagan Morgan said, "They had A good strong team".

Heather Morgan, a senior player said, "We tried our very best even if the team thought we wouldn't win".

Our girls had some big challenges as they worked through the transition of getting a new coach mid season. One of the girls Danielle Corpuz said, "We did great but lacked a huge part of our team... a Varsity Coach"!!! Even through the bumps and bruises, the team worked great and had a wonderful season while bumping up the heat and playing VOLLEY BALL!!!!

Middle School VolleyBall team

Ya'll better Wake Up!, We're on Fire!!

"Why do we keep hearing about the basketball and football teams, but not a peep or a blink went out to our **PERFECT RECORD!!!!** The whole school was sleepin' on us -what's up with that?" -Jennifer Marlowe

Ya'll better Wake Up!, We're on Fire!!

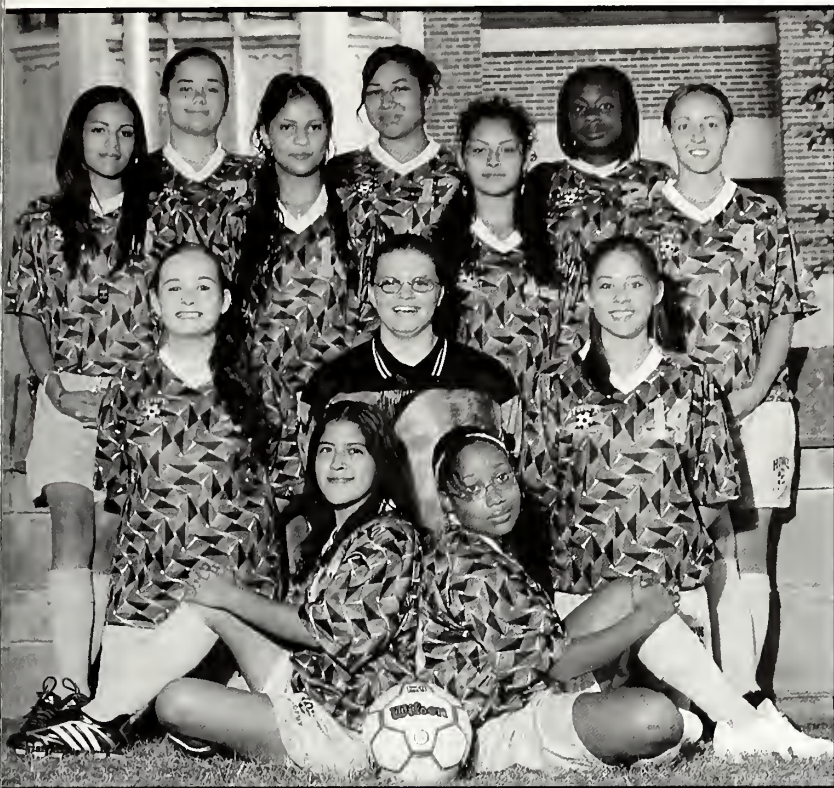

# Kicking out the Competition!

The Hornet soccer team showed good spirit and determination! All players on the team cooperated and played to win.

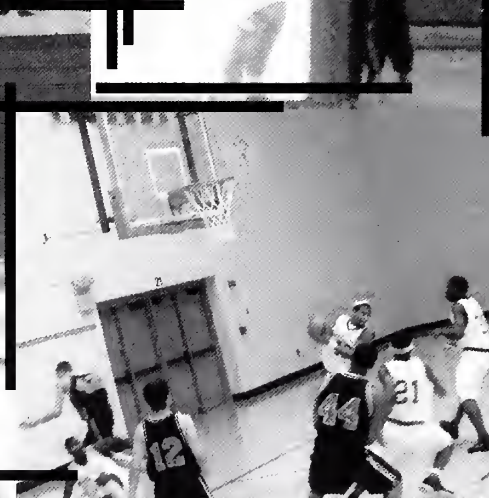

Even though the team didn't have enough players to finish out the season, they still played well and showed great sportsmanship!

Players had different reasons for not sticking with the team. Lilly Salas said, "It was difficult to balance the sports schedule with all of my academic involvements." Others, like Hillary Stephenson and Ashley Brookholder said they stopped playing for personal reasons.

The team learned a lot from this challenging season, and believe that the regret of not finishing the season will drive them to work hard and become a better team.

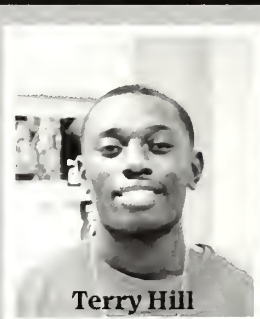

# Howe Basketball

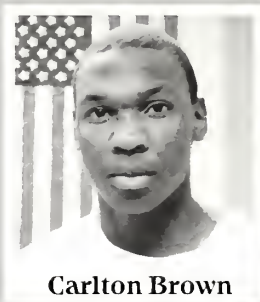

**Now Basketball is my Favorite Sport,**  
I like the way it dribble up  
and down the court...

**Basketball** is a very entertaining  
sport. **We** have five boys  
basketball teams: 6th grade, 7th  
& 8th grade, freshman, **JV**,  
and **Varsity**. **All** of our teams  
have worked very hard this year.  
**Our** 6th grade team went  
undefeated, 7th & 8th grade  
won the city championship, and  
our freshman team worked very  
hard to improve academically!

**Terry Hill**

"Nothing is given to  
you. You have to go  
out and get it!"

**Carlton Brown**

"There is no 'I' in  
TEAM, but there is  
only one ME!"

**Boys Middle School Basketball Team; We Love This Sport!!!**

**This** team played very hard throughout the whole season and their efforts truly  
paid off! **Look** at the excitement on their faces— **Do** you know why? **These**  
boys won the **City Championship**, and they know they got game!!! **Watch** out  
**High School... Here** we come!!!

# Basketball

## LADY HORNETS

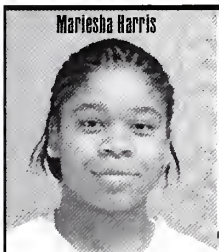

The season was definitely a challenge! We went through a lot, especially since we only had 5 players. As a point guard and team captain, this season taught me how to hustle! It has made me a better ball player!  
-Leona Woodson

I enjoy basketball because I get to compete and it is always a challenge! It gives me a chance to be active and competitive!  
-Mo-Nica Collier

There are some girls who really enjoyed playing basketball. They worked as a team and played like a team! Although the team was small they had Big talent! Lady Hornets practiced hard and showed great leadership skills with their attitudes and determination. Their long practices definitely paid off! The team had a challenging season but they worked hard and had a great season! Lady Hornets didn't give up and they were proud of it.

-Hillary Stevenson

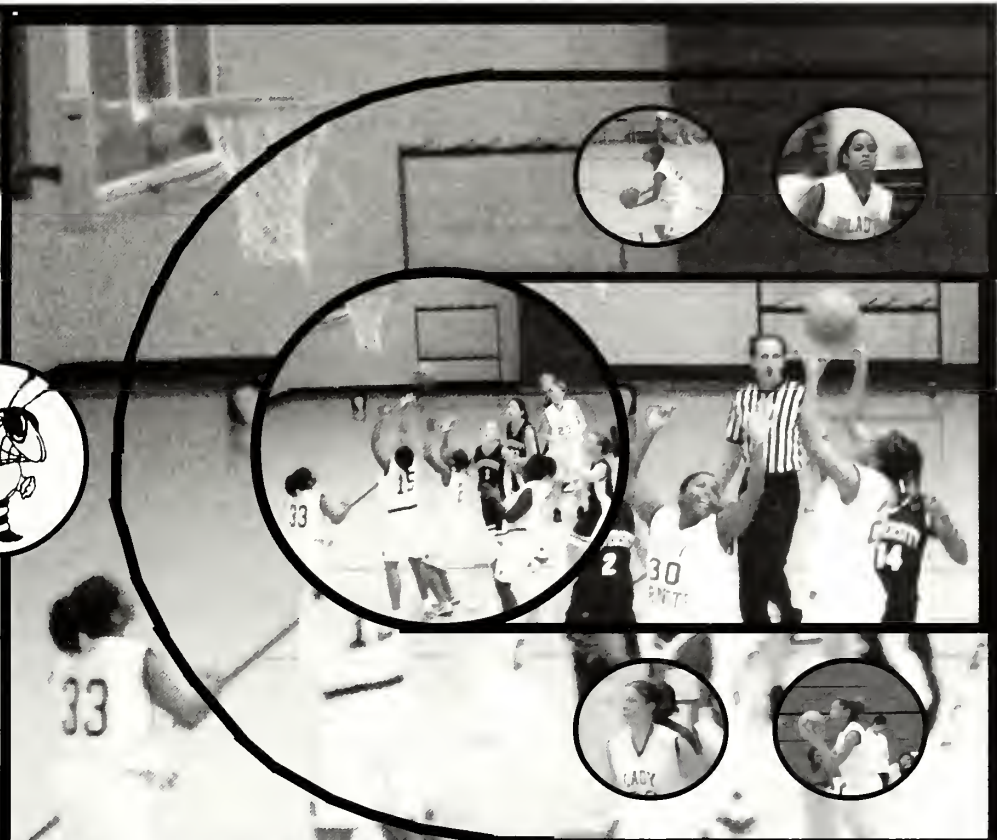

"It's fun, it's all I know, it's my one love! This is why I play Basketball!"

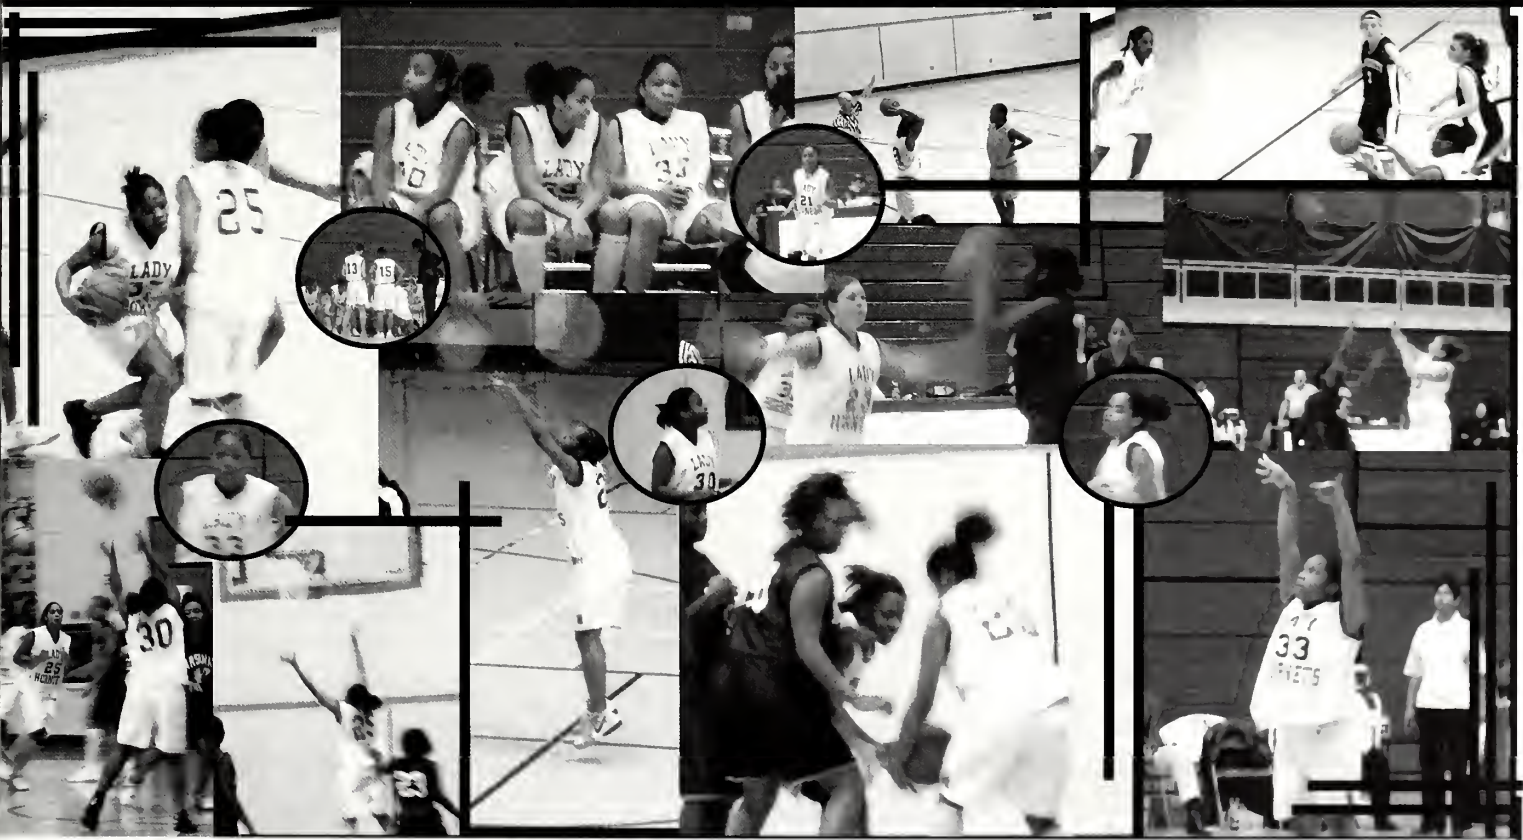

"Basketball is good exercise, and I've been playing since 1st grade! The best thing I can do is shoot!"

**Girls Middle School Basketball:** Our middle school girl's basketball team had a good season. The girls practiced hard to get ready for their games and played like a team! They had great sportsmanship and helped each other develop their skills further in preparation for High School ball!

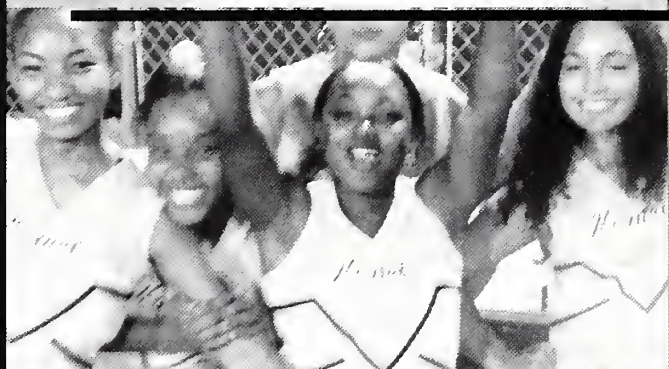

**Girls Varsity Basketball:** Why so many pictures of the same girls? Why, Why? What? Duh, 'cause they hustled on the court and in the classroom! There were more girls who tried out, but it wasn't long before they found out that they had to be dedicated to more than the team- they also had to work hard for that education. We know there are a lot of talented girls at our school, maybe next year the rest of them will step up like these 5 did! They did a fabulous job and hooped like champions!

# Howe We cheer!

P  
o  
m

Power

Who said cheerleading  
Isn't a sport?

Well whoever said it really didn't know what they were talking about. "When you have to yell, jump, smile, and sweat all at the same time, that is definitely a sport," said Alaysha Williams.

Many of our cheerleaders couldn't wait to get to High School so they could cheer for the "Hornets". The squad definitely stepped up and did a great job!!! Not only have the cheerleaders worked hard to pep up our students, and encourage our teams, but they also did a great job of raising money for the victims of Hurricane "Katrina."

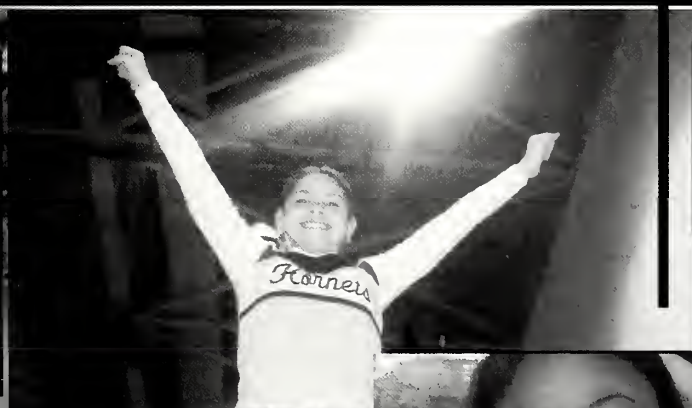

**Life is a game,  
Cheerleading is  
serious.**

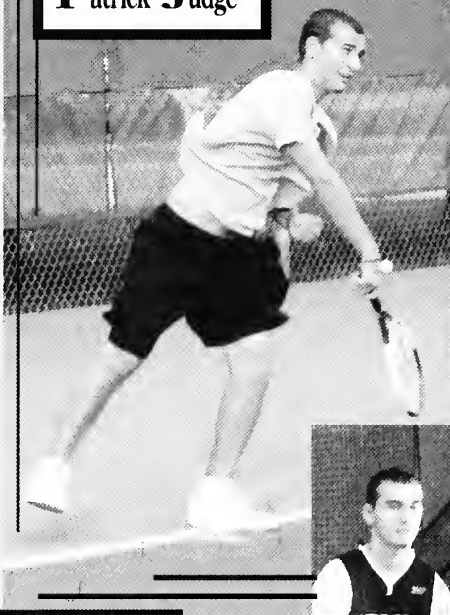

**There are two kinds of people in the world; cheerleaders and people who want to be cheerleaders.**

**Patrick Judge**

# TENNIS

The Tennis Team had an incredible season, as this was the first year we have had wins. In fact they placed 2nd in the City Tournament, and were named 2nd best team in Indianapolis! There were only 4 players but they all played very well. Matt Demmary had a lot of real good wins at #1, and Patrick Judge came in #2 with the best record and the most improvement!

Coach Guerretaz, Elliott Emery, Matthew Demmary, Anthony Sheridan, Patrick Judge, and Matthew Scott

"The team worked very hard this season, and our records show great progress! If we had more players, we would be one of the toughest teams to beat!" Said Coach Guerretaz.

**Matthew Demmary**

# LACROSSE

"Starting in 6th grade at Howe, it was my dream to get a LaCrosse Team started. I started off talking to gym teachers and friends of mine. Different people gave me alot of support and ideas on how to get this kicked off. For 2 years I looked for a sponsor. In 8th grade I met Miss Flisparat who decided to be our sponsor. We spoke to companies to get equipment for the team. Then we sent out flyers and made announcements. This year we started a LaCrosse Club. We had several interested people who attended meetings on a regular basis, where we discussed how to play LaCrosse and praticed the game.

It is my hope that as people learn about LaCrosse and our club, we will soon have a LaCrosse team and compete against other schools." -Aaron Kamp

**Aaron Kamp**

# BASEBALL

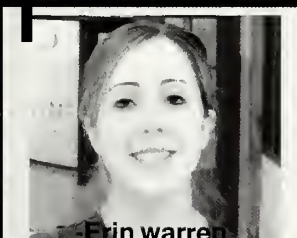

**-Patrick White**  
"I want to earn and get respect. Be the best!"

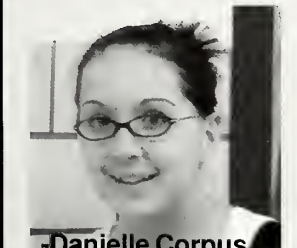

**-Andrew McLeish**  
"By finishing 3rd in the IPSAC last year, and having all of our players return, we set ourselves up for this years IPSAC!"

**Jordan Green**  
"Last year, I just wanted to play, but this year, I played to win!"

**-Erin Warren**  
"Softball is my Life! I love it more than Chocolate, and that says A LOT!"

**-Danielle Corpus**  
"My dad is our biggest fan and keeps us happy by yelling Git R Done from the crowd!"

**-Jennifer Marlowe**  
"Softball is a way for me to stay active and have fun at the same time! It's my Life!"

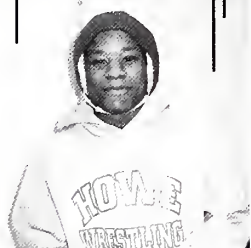

# SOFTBALL

**Most  
Outstanding  
Wrestler.**

**Joshua Kyner**  
The 2006  
152 weight class  
City and IPSAC  
Champion.

**Lamont Mayfeild**  
The 2006  
112 weight class  
IPSAC  
Champion.

**Luroy Brewer**  
Placed fourth at  
City, and third at  
IPSAC

# Ready To Rumble?

by: Luroy Brewer

This young team accomplished many goals throughout the season. With a lot of work to do, the Hornet wrestling team went to work early and were put through challenging, painful, and emotional practices. By the time the first match rolled around the team was in good shape and everyone was ready!

Since the school's wrestling program was so young, many people around the league expected our wrestlers to be inexperienced and easy to beat. However, due to good coaching (by coach Young and coach Brown), and great leaders like Lamont Mayfeild and Joshua Kyner, the newbie's were able to learn from example!

The team competed well in most of the tournaments! Joshua Kyner won the city tournament at weight class 152. Also Lamont Mayfield and Joshua Kyner won the IPSAC Conference tournament. Luroy Brewer and Calleton Gonsalez both placed third and Seth Julian Placed Sixth.

Even though the team was young, they still had heart. Watch out, our team is coming up, and soon we will be one of the best in the city.

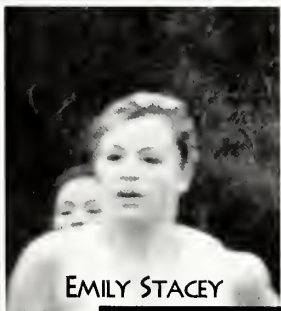

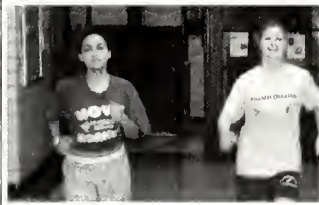

# Track & Cross Country

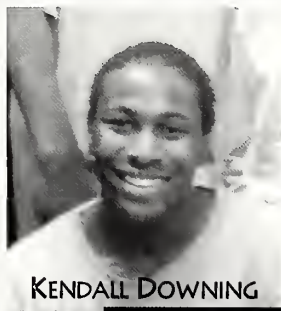

## RUN LIKE YA STOLE SOMETHING!!!

SOMETIMES, AFTER SCHOOL, WE SAW HORNETS FLYING THROUGH THE HALLWAYS ESPECIALLY WHEN IT WAS TOO COLD FOR THEM TO FLY AROUND AT CHRISTIAN PARK. WE HAD TO GET OUT OF THE WAY WHEN THEY CAME THROUGH --NO ONE WANTED TO GET STUNG! THE TRACK AND CROSS COUNTRY TEAMS TRAINED HARD TO COMPETE AGAINST OTHER SCHOOLS, AND THEY EACH HAD A GREAT SEASON! IN FACT, JENNIFER MARLOWE AND CANDACE HYDE LED THE WAY FOR THE NEWLY FOUNDED MIDDLE SCHOOL CROSS COUNTRY TEAM!

A big **THANKS** goes out to the

**HOWE ALUMNI ASSOCIATION!**

Students our age don't usually think about how we can help our school once we graduate! Our focus is on getting to graduation, then moving on! Little do we realize how many people are helping us along the way!

The Alumni Association is a group of loyal Howe Graduates who work each year to help current Howe students! Not only do they donate money toward College Scholarships, but they also volunteer their time at many Howe events. Charlotte McLane and her husband Art are a couple of our most dedicated volunteers! You can find the two of them working hard at almost all of our Varsity games!

The Alumni Association did something special for our graduating class—They generously contributed enough money to brighten up our Senior yearbook pages with **COLOR!!!** We truly appreciate all that they do for our school!
